## Cafe Area Water Fountains

The water fountains near the cafe are cumbersome and ugly.

I would like to consider a water bottle filler (with cups available in the condiments area) and / or a more streamlined fountain.

The location could stay the same and the access panel would be in the women's restroom however it would be ideal to relocate to a less visible location.

## Cafe Lighting Update

Consider keeping the steel & wood circles but change out the light fixture in them. Remove the red wire pendants and replace with a new fixture to be determined.

## Cafe Furniture Update

Consider replacing the majority of the cafe furniture with cafe tables and chairs. This would allow for a consistent look and feel to the space. Also, this gives up the opportunity to

## Baptismal

Dual purpose stage and baptismal

Feature wall & ceiling elements with millwork and greenery.

Overhead pendant lighting

Brick columns

## Lobby Furniture Flow

Consider removing lounge furniture from feature wall area. Move Cafe Style seating to the feature wall area that is not set up to a specific TV.

Split the lobby with a furniture grouping - either lounge furniture OR a long community table.
